

SMOKING POLICY STATEMENT

Alkahfi Lestari Oil & Gas Sdn Bhd is committed to uphold the smoking policy statement in order to ensure that there is ZERO possibility of flammable hydrocarbons with potential for ignition in the Company's office and managed vessel. As such, all employees and contractors entering Company's premises shall abide by the smoking policy statement.

Smoking is forbidden in any of the following areas:

1) Inside Office building

2) Vessel:

Bridge, Passenger Space, Deck, Engine Room & Machinery Space, Cabins, Lavatories, Confined Spaces, Galley & Crew Mess Room.

Other than the places mentioned above, smoking is allowed. However, several restrictions to be imposed when smoking on board the Company's managed vessel:

- Master of the vessel shall mark properly the Designated Smoking Area on board the vessel. Smoking activity shall only be done at the designated area.
- Smoking is not allowed if the vessel is within 500 meters of any offshore installation.
- Smoking is not allowed during meals preparation or consumption.
- Smoking is not allowed during work.
- Smoking is not allowed during fuel transfer operation.
- Smoking is not allowed during Emergency Drills.
- Safety matches or other safe means of lighting up shall be used.

No one shall be in possession of matches or lighters with naked flame while on board the vessel.

Smoking materials shall be disposed of in a proper container. Such containers shall be fire safe and not to be used for the disposal of paper. The dropping of ashes on the floor is prohibited.
