

## **USAGE OF WATER POLICY STATEMENT**

Alkahfi Lestari Oil & Gas Sdn Bhd (ALOGSB) strives to ensure that crew's health on board the vessel managed by the company is well taken care.

As there are various kind of disease that could emerge from drinking water from unknown sources, ALOGSB wants to ensure that the emergence of such disease can be as far as it is reasonably practicable prevented among crews working on board the company's vessel.

Thus, ALOGSB has taken proactive action in which the company shall supply adequate water bottle to all the vessel managed by the company.

The crews are responsible to ensure that their drinking and cooking needs are taken directly from the water bottle supplied by the company.

Crew is not allowed to use fresh water taken from vessel's fresh water tank for drinking or cooking. Usage of fresh water from vessel's fresh water tank is allowed for washing and bathing only and subject for quarterly analysis by approved laboratory every year.
